Dear Bernard Terrace Families,

I hope this message finds you well and full of excitement as we prepare to embark on another incredible school year! As the summer is coming to an end, I am thrilled to extend a warm welcome back to our returning students and a heartfelt hello to our new friends joining us this year.

Last year was filled with unforgettable moments and accomplishments. Our classrooms buzzed with creativity as students engaged in hands-on projects, explored new concepts, and celebrated their achievements. We witnessed remarkable growth in academic performance, with many students surpassing their personal bests.

Our visual arts and music programs blossomed, allowing students to express themselves creatively. The art show was a stunning display of talent, and our spring concert showcased the incredible musical abilities of our young performers in band and strings.

Last year we introduced our new STEM lab that sparked curiosity and critical thinking skills. Students participated in our new science lab and they competed in the EBR science challenge.

As we look ahead, I am brimming with enthusiasm for all that this school year has in store. Here are just a few highlights to spark your excitement. Please check out our website and social media for more information and updates.

Please note that our Meet the Teacher event will be August 7th at 1:30 p.m.– 2:30 p.m. This is a great time to get acquainted. Mark your calendar and join us for Back-to-School Night, August 29th 5:30 p.m. – 6:30 p.m.

I want to remind everyone that our school is a place where every student is valued and encouraged to reach their potential. ***Learning is an adventure – We are on the move!***

Warm regards,

Dr. Terri V. Wallis
